login page

login credentials filled

The screenshot shows the Kiaan WMS dashboard after logging in. The top navigation bar includes "Dashboard", "Companies", "Products", "Inventory", "Inbound", "Outbound", "Warehouse", "Reports", "Analytics", "Label Printing", and "Settings". The main dashboard area contains several key performance indicators (KPIs): "Total Stock" (7,864), "Low Stock Items" (13), "Pending Orders" (1), "Active Pick Lists" (103), "Warehouse Utilization" (6%), and "Orders Today" (1). Below these are "Quick Actions" for "Create Order", "Receive Goods", "Create Transfer", and "Add Product". Two charts are displayed: "Sales Trend (Last 7 Days)" showing a bell curve for sales volume over the week, and "Top Products (Units Sold)" showing a bar chart for the top three products. A "Recent Activity" section indicates that the dashboard was loaded from the API by a Super Administrator just now. At the bottom, there are sections for "Orders by Status" (with a pie chart showing 2 PENDING, 1 DELIVERED, and 2 CONFIRMED) and "Low Stock Alerts" (listing items like "McVities Digestive biscuits 600g" and "McVities Jaffa Cakes 250g"). A "Recent Orders" table is also present.

Screenshots: CUSTOMERS

This screenshot shows the 'Customer Management' section of the Kian WMS application. The interface includes a search bar at the top, a sidebar with various navigation links, and a main content area displaying a table of customer records. The table columns include Customer Code, Customer Name, Orders, Email, Phone, Type, and Actions. There are three categories of customers: Total Customers (4), B2C (2), and B2B (2). A 'Add Customer' button is located in the top right corner of the main content area.

Customer Code	Customer Name	Orders	Email	Phone	Type	Actions

customers list

This screenshot shows the 'Add Customer' dialog box overlaid on the 'Customer Management' page. The dialog has fields for Customer Code, Customer Name, and Customer Type. It also includes sections for Email and Phone. A 'Cancel' button is at the bottom left, and a 'Save' button is at the bottom right. The background shows the same customer list as the previous screenshot.

sales orders list detail view

Screenshots: PICKING

This screenshot shows the 'Picking Queue' interface in Kian WMS. On the left is a sidebar with various navigation links. The main area is titled 'Pick Lists' and displays a summary of current operations: 3 Total Pick Lists, 0 Pending, 0 In Progress, and 0 Completed. Below this is a detailed table of pick lists:

Pick List #	Type	Order #	Customer	Item	Picked	Priority	Status	Actions
PL-TEST7-000	Single	-	-	00 (PN)	low	pending	View Delete	
PL-TEST7-001	Single	-	-	00 (PN)	high	in progress	View Delete	
PL-179001200100100	Single	-	-	00 (PN)	medium	pending	View Delete	

At the bottom, there are buttons for 'Add' and '20 / page'.

picking queue

This screenshot shows the 'Create Pick List' dialog box. It includes fields for 'Pick Type' (set to 'Single Order'), 'Priority' (set to 'Medium'), and 'Search Order (Optional)'. A note states: 'A pick list groups items to be picked from warehouse locations for order follows.' Below this are sections for 'Warehouse' and 'Items' (with a 'Select product' dropdown), and a 'Location (optional)' section. At the bottom are 'Cancel' and 'Create' buttons.

picking queue add form

Screenshots: PACKING

The screenshot shows the Kian WMS interface for 'Packing & Shipping Preparation'. The left sidebar contains navigation links for Dashboard, Companies, Warehouses, Products, Inventory, Issues, Suppliers, Outbound, General, Fulfillment, Shipments, Returns, Replenishment, Integrations, Analytics & Reporting, Label Printing, Reports, User & Access, and Settings. The main area is titled 'Packing & Shipping Preparation' with the sub-instruction 'Pack orders and prepare for shipment'. It features four status indicators: 'Ready to Pack' (0), 'Packing' (0), 'Packed' (0), and 'Moving to Ship' (0). Below these are three filter buttons: 'All (1)', 'Ready to Pack (0)', 'Packing (0)', and 'Packed / Ready to Ship (0)'. A table lists three packing slips (PACK-001, PACK-002, PACK-003) with columns for Packing Slip, Order, Customer, Items, Weight, Status, Priority, Packer, and Actions. The table includes a search bar at the top and a footer with page navigation.

Packing Slip	Order	Customer	Items	Weight	Status	Priority	Packer	Actions
PACK-001	# 11	A.vdg	1 artikkelit	0.5 kg	PICKING	HIGH	Packer	Unpack
PACK-002	# 2134023	A.vdg	1 artikkelit	0.5 kg	IN PROCESS	MEDIUM	Packer	Unpack
PACK-003	# 2134022	A.vdg	1 artikkelit	0.5 kg	PICKING	LOW	Unassigned	Unpack

Screenshots: USERS

The screenshot shows the 'User Management' section of the Kian WMS interface. It displays a table of users with columns: Name, Email, Role, Warehouse Access, Permissions, Status, Last Login, and Actions. There are 7 total users, 0 active, and 9 available roles. The table includes rows for 'User', 'Warehouse Manager', 'Company Admin', 'Packer', 'Picker User', 'Warehouse Manager', and 'Super Administrator'. Each user row has a 'View', 'Edit', and 'Delete' button.

The screenshot shows the 'Add User' dialog box from the Kian WMS User Management section. It requires input for 'Name', 'Email', 'Role', 'Password', and 'Primary Warehouse'. The 'Warehouse Access' section allows selecting assigned warehouses. The table below lists existing users with their details and actions. The status bar at the bottom indicates 7 users total.

Screenshots: REPORTS

This screenshot shows the 'Reports & Analytics' section of the Kian WMS interface. It features a top navigation bar with a search bar and a 'Super Administrator' user icon. Below this is a summary card with four main report categories: Total Reports (0), Inventory Reports (0), Order Reports (0), and Financial Reports (0). A large central area contains a table for managing reports, with columns for Report Name, Category, Schedule, Last Run, Format, Status, and Actions. A modal window titled 'Create Report' is open, prompting the user to enter a report name, select a category, choose a format, and set a schedule. The left sidebar includes a navigation menu with sections like Dashboard, Companies, Inventories, Products, Inventory, Sales, Suppliers, Customers, General, Fulfillment, Shipping, Analytics, Integrations, Analytics & Reporting, Labels, Reports, Users & Access, and Settings.

reports dashboard

This screenshot shows the same 'Reports & Analytics' dashboard as the first one, but with a different focus. A modal window titled 'Create Report' is prominently displayed in the center. It contains fields for 'Report Name', 'Category', 'Format', and 'Schedule'. The 'Report Name' field is currently empty. The 'Category' dropdown is set to 'Select Category'. The 'Format' dropdown is set to 'Select Format'. The 'Schedule' dropdown is set to 'Select Schedule (optional)'. The background dashboard is visible, showing the same report management interface as the first screenshot. The left sidebar is identical to the first screenshot.

reports dashboard add form

Screenshots: INTEGRATIONS

This screenshot shows the 'System Integrations' section of the Kian WMS interface. It displays a summary of active integrations across four categories: Sales Channels, Shipping Carriers, E-Commerce, and Shipping. Below this, a detailed list of all active integrations is provided, showing columns for Integration name, Type, Status, Last Sync, Frequency, and Actions (View, Edit, Delete). The integrations listed include Amazon Seller Central, Shopify, QuickBooks, and ShipStation.

integrations overview

This screenshot shows the 'All Integrations' section of the Kian WMS interface. It provides a comprehensive view of all active integrations, similar to the overview page but with a different layout. The table includes columns for Integration, Type, Status, Last Sync, Frequency, and Actions. The same set of integrations (Amazon Seller Central, Shopify, QuickBooks, ShipStation) is shown here.

integrations all integrations

This screenshot focuses on the 'E-Commerce' integration type. It shows a summary of active E-commerce integrations and a detailed list of the four integrations mentioned earlier: Amazon Seller Central, Shopify, QuickBooks, and ShipStation. The interface allows filtering by status, type, and frequency.

integrations e commerce

This screenshot focuses on the 'Shipping' integration type. It shows a summary of active shipping integrations and a detailed list of the four integrations: Amazon Seller Central, Shopify, QuickBooks, and ShipStation. The interface allows filtering by status, type, and frequency.

integrations shipping

Screenshots: SETTINGS

The screenshot shows the 'System Settings' page with the 'General' category selected. The top navigation bar includes a search bar, user profile, and a 'Super Administrator' button. On the left is a sidebar with various system modules like Companies, Warehouses, Products, Inventory, Suppliers, etc. The main content area displays four summary boxes: Total Settings (0), General (0), Operations (0), and Notifications (0). Below these are tabs for All Settings, General, Operations, Inventory, Notifications, Scanner, Carriers, Marketplaces, and Payments & Invoicing. A table at the bottom lists settings with columns for Category, Setting, Value, Type, Last Modified, and Actions.

settings overview

This screenshot is identical to the one above, showing the 'System Settings' page with the 'General' category selected. It features the same top navigation, sidebar, and table structure for managing system settings.

settings general

The screenshot shows the 'System Settings' page with the 'Operations' category selected. The layout is consistent with the other screenshots, featuring the same top navigation, sidebar, and table structure for managing system settings.

settings operations

This screenshot is identical to the others, showing the 'System Settings' page with the 'Inventory' category selected. It maintains the same overall structure and data representation.

settings inventory

Screenshots: WORKFLOW

This screenshot shows the Kian WMS Picking Workflow interface. The left sidebar contains navigation links for Dashboard, Companies, Inventories, Products, Inventory, Assets, Suppliers, Outbound, Clients, Fulfillment, Requirements, Integrations, Analytics & Revenue, Label Printing, Reports, Users & Access, and Settings. The main area is titled "Pick Lists" and displays a table of picking tasks. The table columns include Pick List, Type, Order #, Customer, Item, Picked, Priority, Status, and Actions. There are filters for All (selected), Pending (0), In Progress (0), and Completed (0). The table shows three rows of data:

Pick List	Type	Order #	Customer	Item	Picked	Priority	Status	Actions
PICK-TEST-001	Shipment	-	-	00 (P0)	low	pending	View Delete	
PICK-TEST-001	Shipment	-	-	00 (P0)	high	in progress	View Delete	
PICK-170001200100100	Shipment	-	-	00 (P0)	medium	pending	View Delete
